

# CTA ROADWAY IMPACTS

## Terminal 3 APM Pedestrian Bridge Construction

Monday, January 10 through Saturday, February 19, 2022 | Nightly 11PM to 6AM

### ACTIVITY

The APM project will construct a Pedestrian Bridge over the roadways at Terminal 3 to connect to the West CTA Station. Construction will require nightly lane restrictions and / or full closures on World Way North at Terminal 3 starting Monday, January 10 through Saturday, February 19, 2022.

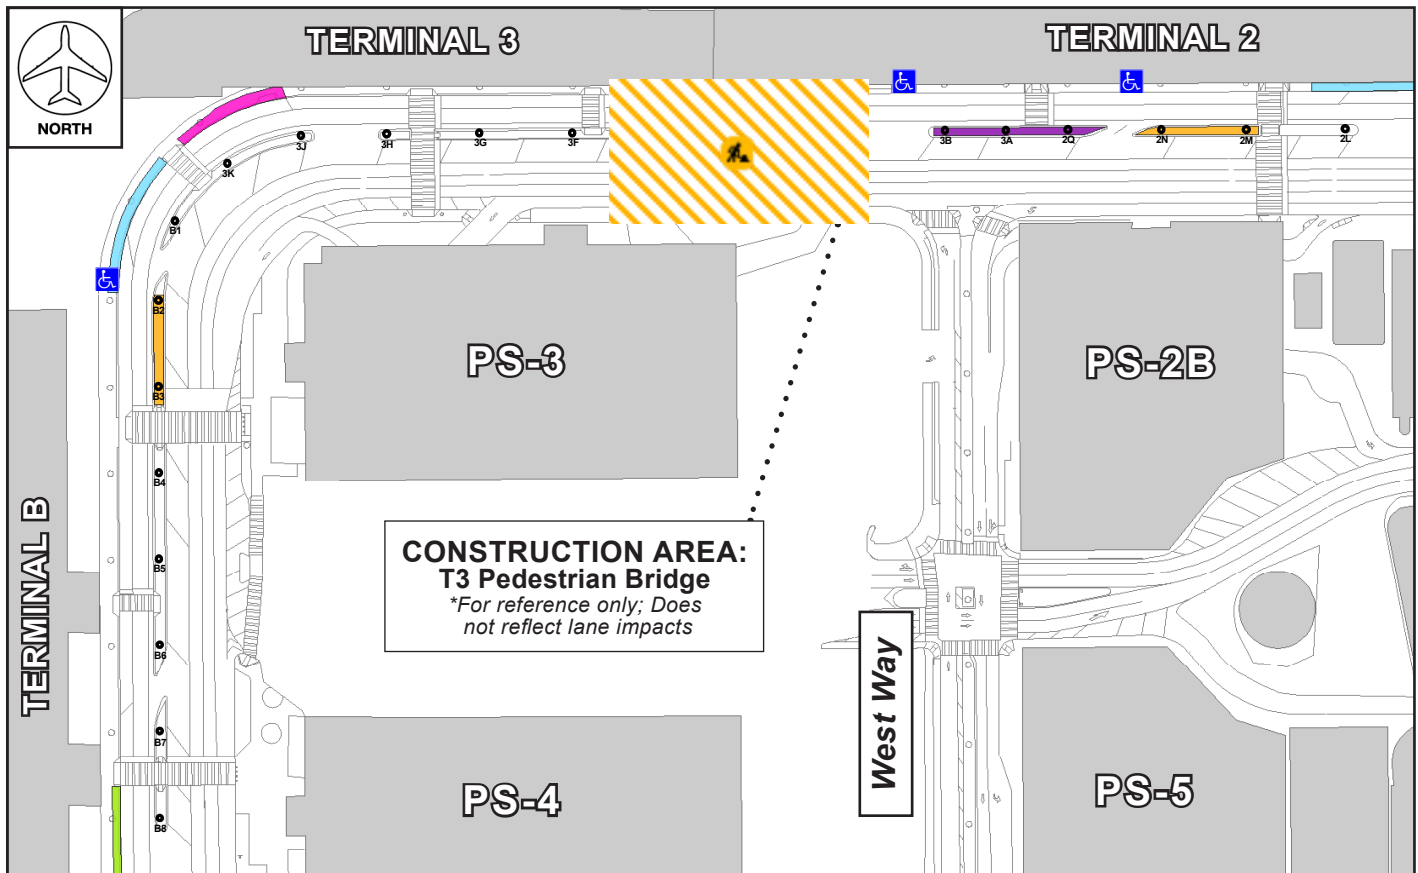

### SHORING TOWER

Nightly full closures of Arrivals Level Outer Lanes are scheduled Wednesday, January 12 through Friday, January 14 to install a shoring tower, which will be in place through Friday, February 18. While the shoring tower is in place, there will be continuous Arrivals Level lane reductions but traffic will be maintained at all times. Additional full closures of Arrivals Level Outer Lanes are scheduled for Thursday, February 17 through Saturday, February 19 for removal of the shoring tower and re-installation of a traffic signal.

### VIERENDEEL TRUSS

During nightly installation of the Pedestrian Bridge, full closures of Arrivals Level Outer Lanes will be utilized Saturday, January 15 through Tuesday, January 25 (between 11PM - 6AM). Full closures of all Departures Level lanes will be utilized Saturday, January 15 through Monday, January 24 (between 12AM - 4AM).

Additional notifications will be issued with more details for these full closures. Detours for shuttle operations and vehicular / pedestrian traffic will be implemented as needed. Signage and flaggers will be in place to assist with wayfinding. Please watch for posted signage and prepare to follow all detour routes during all phases of work. Always use caution when traveling through construction areas.
