

# SoCalGas In-Line Inspection

## Lane Impacts: Aviation Blvd and 104<sup>th</sup> St

Saturday, May 24 through Friday, July 25, 2025

### ACTIVITY

To facilitate in-line inspection of pipelines, SoCalGas will restrict a portion of Aviation Blvd at 104<sup>th</sup> St to one northbound and one southbound open lane, as well as implementing a full closure on a portion of 104<sup>th</sup> St east of Aviation Blvd to stage equipment. This project and associated lane impacts are scheduled to begin Saturday, May 24 through Friday, July 25.

In order to implement this two-month closure on 104<sup>th</sup> St, Aviation Blvd will be reduced to one open southbound lane only (northbound fully closed) on Saturday, May 24 from 6AM to 6PM. During this period, access to the CNG Station at 104<sup>th</sup> St & Aviation Blvd will only be accessible via westbound 104<sup>th</sup> St. Once implementation of the closure is complete, Aviation Blvd will have one lane open in both directions through the duration of this project.

Access to 104<sup>th</sup> Street west of Aviation Boulevard will be maintained at all times; please plan ahead for potential delays.

Signage will be in place to facilitate vehicular traffic. Please follow posted detour signage and use caution when traveling near construction areas.
